Wahl Professional Delivers the Best in Clipper Technology with the 5-Star Cordless Magic Clip

STERLING, ILL. (OCTOBER 14, 2016)

Your favorite tool is more versatile and popular than ever – cordless! The 5-Star Cordless Magic Clip from Wahl Professional offers advanced, one-of-a-kind technology that no other clippers have. The 5-Star Cordless Magic Clip is the only clipper to utilize a stagger-tooth blade with crunch blade technology, as well as feature the bottom blade as a standard five-star blade slide. That’s the innovation Wahl delivers.

The Cordless Magic Clip is one of Wahl Education and Artistic Team (W.E.A.T.) member Julius ‘Caesar’ Arriola’s favorite tools to use for his clients. The lightweight Magic Clip makes head maneuvering easy and the stagger-tooth blade system makes fading hair even more effortless.

The Cordless Magic Clip is THE tool every barber stylist should have in their arsenal.

“I believe this clipper is made for everyone, from barbers to stylists alike, due to its powerful consistency, and its lightweight cordless design,” says Arriola.

The Cordless Magic Clip was designed to create seamless blends when hard or soft line fading. The incredibly precise stagger-tooth blade—unique to Wahl— blends hair and creates texture while cutting. The top blade is made up of tall square teeth alternating with small teeth in between. The bottom blade is a standard five-star blade slide which no one else on the market has. It’s the ideal tool for any barber or stylist who wishes to achieve flawless fades and tapers.

“To get precise cuts every time, I suggest the Cordless Magic Clip,” says Arriola. “It’s cord-free, which allows the professional to move around the hair in angles that a corded clipper might not allow.”

The Cordless Magic Clip is essential for every professional because it provides flexibility and unlimited opportunities to achieve the perfect haircut.

“Being able to use this as a cordless clipper is incredible. It gives you the flexibility to move around the client without having the clutter of any cords and without sacrificing any power or performance,” says W.E.A.T. member Kristi Faulkner. “The freedom of having no cord and the light weight of the tool makes it incomparable to any other tool.”

The Cordless Magic Clip is the only clipper with a true linear-based movement of the blade. This allows the user to adjust the clipper to a zero setting without ever pulling the client’s skin.

Faulkner relies on her Magic Clip for its close cutting, but also its versatility and power. “The Cordless Magic Clip is definitely my favorite. I use it every day – all day—on different hair textures to achieve many looks,” says Faulkner.

Like Faulkner, Arriola relies on his clipper for its performance. “One of my absolute favorite and go-to tools, simply for its consistent performance while being tangle-free!”

To learn more about Wahl tools and techniques, barbers and stylists are encouraged to take a Wahl educational class. Visit wahlpro.com to see the Cordless Magic Clip and find out where you can take your next class.
