Sharp Stuff

With 33 thinning teeth built with the finest prism tooth shaping, the scissors guarantee a gentle cutting sensation and easy gliding through manes.

Jaguar Lane 33, jaguar.us

Built with 33 teeth for smooth snipping!

Stay Cool

Good riddance, burn injuries; these heat-, water- and cut-resistant finger guards prevent burns from thermal styling tools and act as a bandage over prior injuries.

Clip 'n Trim

Featuring the top-selling Designer clipper, which cuts wet or dry, and the lightweight Classic Peanut, which fits in the palm of your hand, the duo provides versatile and durable grooming supplies.

Wahl All Star Combo
mywahlpro.com

Both clipper and trimmer feature an ergonomic design.

Magic Wands

Cookware-inspired Thermolon coating promises easy cleaning, durability, even heat and fast thermal conduction—plus the four-barrel option means a bevy of curl results to choose from.

Cortex Be Professional Four in One, beprousa.com

Shine in No Time

Ceramic tourmaline technology repels humidity and ramps up sheen, as the professional DC motor and durable comb attachment assist in speedy drying and styling.
