Wahl Professional To Unveil 5-Star Cordless Detailer at Cosmoprof North America, July 12-14

STERLING, IL (July 1, 2015) – They say it’s all in the details. But Wahl’s newest trimmer will be missing one detail – the cord.

Wahl will unveil the Cordless Detailer during Cosmoprof North America to be held July 12-14 in Las Vegas.

Like the 5-Star Detailer, the cordless version will fit the extra wide T-Blade for precise, close trimming. But the new Cordless Detailer adds new flexibility with an adjustable lever that allows for sharp lines on all hair textures. The new trimmer also features a compact, yet powerful, rotary motor.

“Barbers and stylists have been begging for a cordless trimmer that can drive the t-wide blade,” said Lance Wahl, Director of Sales and Marketing. “The adjustable lever allows you to use this trimmer on a variety of different hair textures. You can adjust it to create a super sharp line and then take it back when cleaning up the neck line or when trimming someone with sensitive skin.”

The Cordless Detailer includes three trimming combs, a lithium ion battery, charging stand and boasts a 60-minute battery life.

“There is nothing like this product out in the market,” Wahl said. “The adjustable lever feature and powerful motor alone make this a premium cordless trimmer. It is a game changer. We are excited to bring this power and technology together.”
